OFFSITE at the  
Museum of  
Nature & Science

11:45—1:00 p.m.

Dr. Bridget Coughlin

This special lecture will lead you through the remarkable journey a body can have long after the heart's last beat. Coughlin will focus on highlights of Gunther von Hagens' *BODY WORLDS & The Story of the Heart* (opening March 12) and illustrate what we can learn about ourselves when we peer into the human body. Coughlin will also give Rotary a special behind the scenes look at the making of the Museum's new \$8 million dollar new health exhibit, *Expedition Health*.

Dr. Coughlin holds a bachelor of arts from Knox College in Galesburg, Illinois, and a doctorate in biochemistry from the University of Iowa Howard Hughes Medical Institute. Her doctoral work focused on how infectious diseases evade the human immune system. She is a former Martin Marietta-Burroughs Wellcome and Department of Energy Research Fellow and conducted research at Woods Hole Biological Laboratory and Oakridge National Laboratory. In 2005 she returned to her native Colorado and joined the Denver Museum of Nature & Science after working for six years in Washington DC, at the National Academy of Sciences where she was the managing editor of the multidisciplinary journal PNAS.

Dr. Coughlin is the curator and science advisor for the museum's newest permanent exhibit *Expedition Health*. Her National Institutes of Health (NIH) sponsored museum research enrolls museum visitors in an international study looking at the genetic influences of a person's ability to taste and smell. As Vice President at the museum she collaborates with local organizations to promote a culture of scientifically informed citizens and oversees Museum Programs.

When not at the Museum she enjoys running, swimming, rollerblading, all snow sports, glass painting, and drinking a great cup of coffee while reading a good book

Please Note: Reservations Are Required to Attend.  
There WILL NOT be a regular Club meeting at the DAC on this day

Kristin Candella recently joined the TCO Foundation as the Development Director. The TCO Foundation channels community support to help seniors remain independent in their homes for as long as possible.

Kristin received her MA from San Francisco State University, her BA from Colorado University and certification from the Indiana School of Philanthropy.

After graduate school, Kristin entered the non-profit world and fell into fundraising with Habitat for Humanity in San Diego. After a few years, Kristin was eager to return to Colorado. Since returning home, she has worked with non-profit organizations including Habitat for Humanity, the Muscular Dystrophy Association, and The Wildlife Experience. Kristin was introduced to Rotary in 2007 and was a member of Cherry Creek Valley Rotary Club of Parker.

Most important to Kristin, she is the wife of a great man named BJ and mother to an amazing little boy named Boston. BJ is also a Colorado native and works with an internet company called Netquote. BJ and Kristin can always find at least one thing they agree on which is eating out and seeing great films.

Kristin was introduced to Club 31 at our March 4, 2010 luncheon by her sponsors Francisco and Lyn Sabichi and she is interested in joining the World Community Service Committee.

Club 31 Rotarian Craig Mills has adopted twin boys, Mackenson and Mackenlove from Haiti. The boys are from the same orphanage as Rich Harris's children, Davinson and Guimara. Please keep the Mills family in your thoughts and prayers as they settle into their new home.

## Did You Serve or Know Someone Who is Serving in the Peace Corp?

District 5450 Rotary International/Peace Corps Task Force is working towards a Memorandum of Understanding between these two great organizations. The purpose is twofold: to provide technical assistance to Peace Corps Volunteers in the field and to supply cultural background to local Rotary Clubs that would be useful for project sustainability.

In the process of working out the details of the MOU, the District has found that there already exist a wealth of Return Peace Corps Volunteers who live in the district and some who are already Rotary members. Their ultimate hope would be to connect either a Return Peace Corps Volunteer or an actively serving Peace Corps Volunteer with each District 5450 International Project.

The District is trying to create a model as to how an agreement between RI and PC could be implemented. With this in mind, they are asking each club to help by providing the following information: A list of any members who have been Peace Corps Volunteers or who have family members who are currently serving in the Peace Corps and their contact information.

Your help in developing this database is greatly appreciated by Governor Mike Oldham and the Rotary International/Peace Corps Volunteer Task Force. Thanks so much for your assistance.

If you are able to provide information for this database, please contact the Rotary Office at 303-893-1919 or by email at [staff@denverrotary.org](mailto:staff@denverrotary.org).

## Observer's Report

Written By Jim Woodward

On Thursday, February 25, 2010, 12 of us met and enjoyed a delicious box lunch at Hank's home for one of our Club Fellowship Meetings. As ever, the conversation was just as delicious. How wonderful it is to have this sort of opportunity with such an interesting and formidable collection of more-than-just-interested people, from our marvelous Rotary Club of Denver.

Hank walked us through his home, less than a block from mine, and that was nice. He has made a study of art, including statuary, bronze, and whatever else objects d'art might be made, from many places, China, Mexico, Afghanistan, and Turkey among them. His family or some art museum, store, or any of many other depositories, will have a grand time enjoying them in the future.

This was truly a wonderful experience for those in attendance. Just keeping in mind the information about the things we viewed is a test for anyone's memory; Hank did it right and quite thoroughly, even for those well versed.

Several of the group in attendance are very involved in art, as well as in their own collections. One of the questions I heard posed was 'where will the pieces go when Hank passes them on?'

What a privilege it is to live nearby the Strauss family. They walk their little dog "Billie" by our home often and, sometimes, I take that walk with them.

## Inspirational Moment

Observer Jim Woodward gave the inspirational moment during the March 4th luncheon at the Denver Athletic Club. For those of you who were unable to attend he would like to share it with you here.

"3,000 Years ago the citizens of Athens, Greece, The Athenians, contrived the "Oath of the Athenian Boy", assign-

ing the task of reciting this, without error, in public as he reached the age of 17 years. I memorized it in high school in Lincoln, Nebraska:"

### The Athenian Oath

"We will never bring disgrace on this our City by any act of dishonesty or cowardice. We will fight for the ideals and Sacred Things of the City both alone and with many. We will revere and obey the City's laws, and will do our best to incite a like reverence and respect to those above us who are prone to annul them or set them at naught. We will strive, increasingly, to quicken the public's sense of civic duty. Thus in all these ways we will transmit this City, not only not less, but greater and more beautiful than it was transmitted to us."

## February 2010 Communication Chronicle Written by Irina Bulkley-Hopkins

Dear Fellow Club Members,

Please do not forget to **Advertise Your Business** through the Rotary Club of Denver! Please call or e-mail me at:

irinabulkleyhopkins@yahoo.com to discuss and purchase a sponsorship. **Adams Price** continues to be instrumental in making this happen - Thank you Adams!

The Intermountain Jewish News agreed to publish an article about the Club and we are working with the reporters' schedules.

**Denny O'Brien** has submitted two nominations for the District 5450 Awards: the Four Way Test and the Diversity Award. If the club receives the Diversity Award (and we have every reason to believe so), it will provide us with a great chance to be featured on *Colorado Matters* - Colorado Public Radio's top program.

**Wick Rowland** and I are waiting to hear from **Glenna Norvelle** and her team that agreed to work on providing the

"Where are they now" information on the past Denver Kids Graduates. Wick thinks that this may be helpful in determining the content for potentially featuring the Denver Kids (and the Club) on Channel 12 Studio 12 Program around the time of the DKI Graduation program on May 6, 2010.

On March 16, 2010 I am due to report to the Club Board on the accomplishments and challenges of the Communications Committee. Watch for a brief summary in the next issues of the Chronicle.

Please stay tuned and feel free to join us in having fun, our meetings now take place via teleconference, which allows more convenience for those who wish to join! Please call or e-mail me for more details.

You can also read the Chronicle on our Web Site, under Communications Committee.

## Soup Day Proceeds

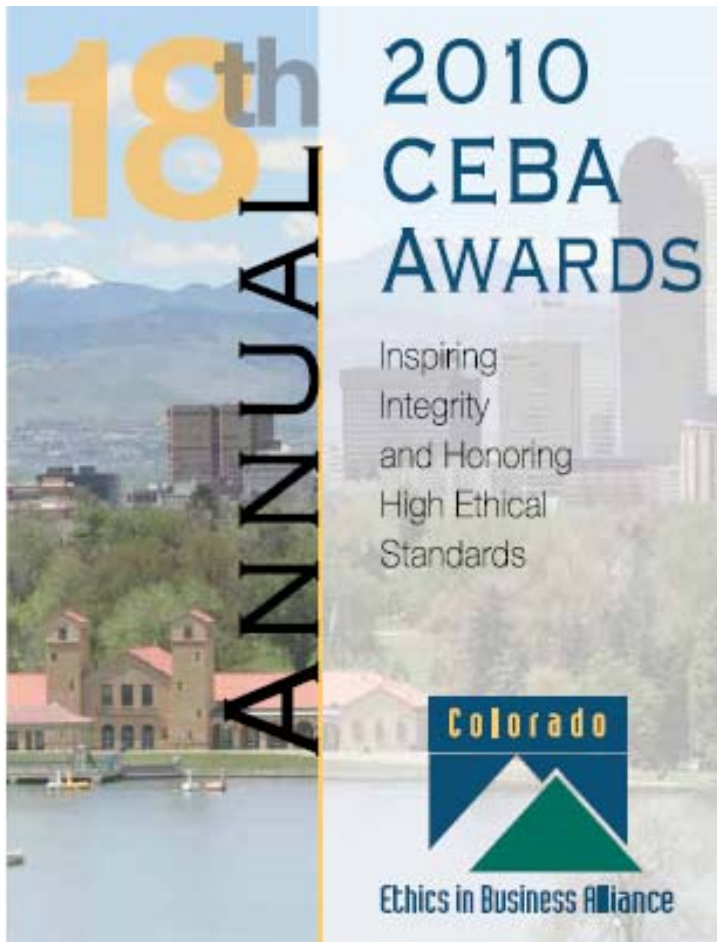

Thank you to everyone who has participated in our Soup Days this Rotary year.

We are proud to report that we have donated \$1,000 to Polio Plus from our September 10, 2009 Soup Day and \$1,520 to Father Woody's

Haven of Hope from our November 12, 2009 Soup Day.

Be sure to attend our upcoming Soup Day on March 25th with proceeds benefiting the Rotary International Foundation.

**CEBA Awards Luncheon  
Thursday March 18, 2010  
11:30 a.m.  
Offsite at the  
Sheraton Denver Downtown**

Please join us in honoring the companies and individuals who exemplify ethics in our Colorado business community. The annual awards luncheon is a great way to meet other business leaders while enjoying a wonderful lunch.

**CONGRATULATIONS 2010 HONOREES!**

**CEBA Business Ethics Award**

Mountain Crest Mortgage, Inc., Denver  
Robinson Dairy, Denver

**Samaritan Institute Award**

Junior Achievement—Rocky Mountain, Inc., Denver

**Daniel Ritchie Award**

Lee Palmer Everding, Denver Eclectics, Denver

- The cost of this luncheon is included in the Rotary membership dues for Active Ordinary members. The price for all Active Exempt/Honorary members and guests is \$50 per person.
- **ALL members who RSVP but do not attend or do not cancel their reservations prior to March 16th will be billed for the \$50 luncheon cost as our attendance count is guaranteed after that date.**

*Note: This luncheon will take the place of our regular weekly luncheon at the DAC.*

## PLEASE SHARE WITH YOUR ROTARY FAMILY!

It is a Rotary tradition to honor our Birth-a-tarians each week. We also want to rejoice when one of our members receives GOOD NEWS, such as an award, the birth of a child, marriages or business success. Conversely, we want to let you know WE CARE when our lives are not going so well. We often miss knowing when a member's loved one has died, a member is sick or one is experiencing difficult challenges in their life. Forms are available to you at each meeting.

They are located on the hospitality table at the back of the room. Feel free to take some home. They can also be downloaded from the website or by clicking here. Please SHARE.

*For question or comments about the compilation, distribution or production of the Keyway, please contact the Rotary Office or send an e-mail to [staff@denverrotary.org](mailto:staff@denverrotary.org) by Wednesday at noon.*
