Club 31 Rotarians....

Please help Support the Relief Efforts in Haiti

Roland Thornton
Club President

As announced at yesterday's Rotary meeting, the Club's Board of Directors approved asking our Club members to make donations to aid the victims of the Haiti earthquake. These donations will be collected through the Denver Rotary Club Foundation. In addition, the DRCF Executive Committee has approved \$2,500 in matching funds. The World Community Service Committee will help spearhead this effort in determining the best way to distribute these donations, such as to Shelter Box USA or direct cash donations.

In addition, the Club will be partnering with Project CURE on a very easy, entry-level way for every Rotarian to get involved. They have developed a shoe-box sized box that they call "CURE Kit for Kids." It has everything in there that moms and dads need to take care of their kids.

Project CURE has provided the boxes and they can be picked up at the Rotary office or at the Thursday Club meetings. Rotarians take the box to WalMart/Target/Walgreens and fill it with supplies from a list provided. Rotarians will be asked to add a \$5 check to cover the expense of getting it there. Filled boxes can be dropped off at various sites such as any American Furniture Warehouse location, CBS4, Project CURE, the DAC and the Rotary office. In addition to the items printed on the box, Project CURE also has a list of things needed for the disaster and other ways everyone can get involved. For more details, please visit www.projectcure.org.

Fellow Rotarians Bryan Guice and André van Hall are also hoping to pull together a group of people to make calls to all our members to help get the word out (pizza and soft drinks at the DAC—thank you André). There are so many ways each of us can make a difference!

Thank you Club 31 for your Rotarian support and continued generosity.
